

Cutting disk —	6,000	Iron rod
Electrode —	2,000	-3000
Oxygen —	7,000	
heating <u>brake</u>	2,000	
workmanship —	20,000	
		<u>Total = 39,000</u>

A piece of white paper with handwritten text in blue ink, placed on a wooden surface. The text lists five items with their corresponding costs, separated by horizontal lines. The items are: Cutting disk, Electrode, Oxygen, heating brake, and workman's hire. The costs are: 6,000, 2,000, 7,000, 2,000, and 20,000 respectively. The word 'heating' is written above 'brake', and 'brake' is underlined.

Cutting disk	—	6,000
Electrode	—	2,000
Oxygen	—	7,000
heating <u>brake</u>		2,000
workman's hire	—	20,000
