Good morning,

Kindly find attached for your reference.

Thank you.

---

 **Services.docx**  
16K

The web design will include the following elements:

- Website design
- Domain name purchase
- Web hosting
- Cost
- Duration of Design

**Website design:** The web designer will design the website utilising materials provided by the NGO. The website designer will require the following to design the website:

- Writeups: The section provides information such as the NGO's target market, mission and vision, about us, programmes, news, events, and projects, among other things.
- Logos.
- Pictures

**Domain Name Purchase:** The domain name will be registered with.org (the ideal domain extension for non-profits), but the NGO may choose to register with.com, net, or info, depending on the domain name's availability. Again, if the NGO wishes to have the three Top Level Domains linked to a single domain, there will be an additional charge.

- Plan: One Year Domain Name Registration (***This is to be renewed by the NGO***)

**Hosting Features:** The Hosting will provide the following;

- Plan: One year Hosting service (***This is to be renewed by the NGO***)
- Hosting service is managed in Nigeria
- Powered by AWS
- Hosting Type: Shared
- Unlimited Webspace
- Unlimited Monthly Bandwidth
- 40 Subdomains
- 10 Addon Domain
- Free dotNG Domain
- Free SSL Certificate

**Cost:** ₦150,000 (Payment made in Full)

**Duration of Design:** 4 – 6 weeks

**PLEASE NOTE:**

Any other service(s) not covered within the above scope will attract additional charges e.g., maintenance, updates, donations/payment integration, backups, addition of features etc.
