MRS ALALI P.
PORT HEALTH OFFICER

Seal, name and signature of inspecting officer

- a. Evidence of infection or contamination, including vectors in all stages of growth; animal reservoirs for vectors; rodents or other species that could carry human disease; microbiological, chemical and other risks to human health; signs of inadequate sanitary measures.
- b. Information concerning any human cases (to be included in the Maritime Declaration of health)

Results from sample taken on board. Analysis to be provided to ship's master by most expedient means and, if re-inspection is required, coinciding with re-inspection date specified in this certificate.

Sanitation Control Exemption Certificate and Sanitation Control certificates are valid for a maximum of six months. Cannot be carried out at the port and there is no evidence of infection or contamination.
