Dear Sir,

REVERTING BACK TO INITIAL CHARGES AND NUMBER OF GUARDS.

We wish to express our gratitude to have been in business with you for the past years, overcoming hurdles and challenges together in unison. We have not increased the prices of our services in all these years despite continuous rise in service expenses.

There has been an undeniable increase in prices: service charge of employees have also soared up along with transportation, house rent, food stuff and production of guard's kit and administration. All these have led to constant lowering of company's benefit.

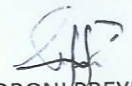

This has also affected our ability to recruit guards on time as when the need arises to change or redeploy.

We agree that the pandemic has greatly diminished and we are asking you to revert to the original salary structure before the pandemic.

We look forward to your cooperation in this process and hope our proposal will be considered and therefore call for a meeting.

BEFORE: Guards Pay	N35,000
Supervisor Pay	N40,000
No of Guards	21
Invoice value	N755,000

Yours Faithfully.
